

1. Drew Sadler
2. I used about 80% of the code from the socket demo's
3. I got 'Hello from the client.My name is David and my favorite number is 42  
' from the client socket.  
The I got 'Hello from the client.My name is David and my favorite number is 42  
' from the client afterwards.  
Print: Hello from the client.My name is David and my favorite number is 42
4. [asadler1@hopper3 Studio\_24]\$ ./server 1025  
Print: Print: Print: ah  
Print: helloo
5. [asadler1@hopper3 Studio\_24]\$ ./server 1025  
Print: hello  
prints quit
